

Rowan Class Closure Letter

Dear Rowan Class,

I'd like to start by apologising for not being in school for the last couple of days. It's going to seem strange not seeing you all every day, but it is the right thing for us to be doing to keep each other safe and there are lots of ways for everyone to stay in contact – more on that later.

While we are away we are obviously going to need to find some slightly different ways of working. I've already put some ideas to get you started on the class webpage. Over time I will keep adding to this as well. In addition to this, we've also now got a class page on Google Classroom. To access this, you'll need to go on Google Classroom and put in our class code, which is 2xqrfpx. Once you are on Google Classroom, you will be able to access work and quizzes which I put on there, as well as sharing what you have done with me and everybody else. I'm really looking forward to seeing what you have all been up to! You can also ask me for help on there with any of the work!

We are also getting a class email address which your parents/carers can use to contact me if you get stuck with anything. As soon as I have the details for this, I will put them on the class webpage. If you get stuck with accessing google classroom, just get an adult to email me and I can always add you using your email address.

Don't forget about Times Table Rockstars and ReadTheory as well. I'll keep challenging everyone on Times Table Rockstars throughout the time we are away, most of you have a challenge from me at the time I'm writing this.

If you've got anything you want to learn about or research, go for it! Although I've given you loads of ideas on the website, don't feel you have to stick to them. If there's something you are really keen to find out, now is your chance! As I said before I would love to see what you've all been doing so just make sure you share it to our google classroom!

Keep yourselves safe whilst we are away everyone, I'm looking forward to seeing you all again when we get back! ☺

Mr Clements
