### **Key Information for Willow Class**

**P.E. We are always outside for P.E. and the children will be wearing their p.e. kits throughout the day. Please ensure that they have warm enough clothing. Sweat shirts and winter coats will be essential as the weather turns colder. Girls may wish to wear leggings under their skorts.**

We are splitting the class for p.e. to allow the children to participate more fully in sport with greater social distancing and to enable us to work with smaller groups of children in class in order to target individual needs better.

We will try to use the woodland when appropriate on a Tuesday afternoon. Please ensure that children have wellies.

**Spellings will be set on Google Classroom once we have confirmed spelling groups – There will be a spelling test on Monday.**

**My Maths homework** will be set on a **Thursday or Friday (if not earlier)** and should be submitted by the following **Wednesday.**

**READING – Children should be reading regularly out of school as well as in school.** Children will be reading in a guided reading group alongside their own independent reading. They will be given set pages to read to each week and make notes on. This can be done in class reading time or at home. If you know that your child needs additional support with reading please encourage them to bring their books home and discuss what they have read with them.

**If you have difficulty accessing the homework online, please let us know.**
