Our Value for Life this term is Forgiveness

April 1st 2022

Dear parents and carers

What a busy week it has been!

Easter Bake-off

We had some fantastic entries in the Easter Bake-off on Wednesday. Well done and thank you to all the children who brought in cakes and cookies. It was very difficult to choose winners as everything looked so delicious but we eventually chose the following winners:

Pine: George and Aliona-Rose
Oak: Clara and Ru
Sycamore: Sophie
Rowan: Heather
Willow: Lily

Overall school winner: Sophie in Sycamore – well done Sophie!

Thank you to Nicola Burman, Chair of FOMPS for organising the event and for the bake sale after school.

Easter Service

It was lovely to see so many attend St Andrew's Church, Deopham on Thursday. Thank you to Mr East, Mrs Harrold and all of Sycamore Class for providing a wonderful Easter service.

Easter Egg Hunt

Despite the chilly and somewhat snowy conditions, the children were still very enthusiastic for the annual Easter Egg Hunt on the school field. Each house had a bucket which children filled with the eggs they found. Winners were Oxburgh (Blue) followed by Holkham (Green), Blickling (Red) and Felbrigg (Yellow).

STEM days

Mr Botting (Dad to Zachary and Jacob) spent Tuesday with Years 5 & 6 and Thursday with Years 3 & 4 delivering STEM activities (**S**cience, **T**echnology, **E**ngineering, and **M**athematics). These were enjoyed hugely by the children (particularly the melting of

chocolate!) I would like to extend our grateful thanks to Mr Botting for giving up his time to inspire possible future scientists. Thanks also to Fin Botting and Jamie McMurray who helped out on Thursday. Here are two write-ups from Willow Class:

Top Tier Engineers Come To Visit Scientists Of The Future

Are Young engineers up for the challenge?

Morley Primary School pupils got a visit from Mr Botting from Marshall(a very famous company in science and engineering) on 29.3.22

The pupils, whom could be incredible scientists when they grow older, took part in 5 amazing activities which were the following:

- Chocolate welding
- Chariot building and racing
 - Electric cars
 - 3D printing
 - Wind tunnels

Leadership,perserverance and lots of teamwork

The students worked together and used teamwork to complete various different challenges, improve their scientific skills and build on their knowledge. We have interviewed some of the children to see how their experience was. First up we have Elias Fairchild who said "I think it was a very successful day". Next, we talked to Jack Barley. "I think it was a great day and it was lots of fun,"he said enthusiastically. Finally, we spoke to Harvey Bennet. "I had a great time and I especially loved the chocolate welding. "Harvey said.

A very big thankyou to the guys at Marshall and most importantly Mr Botting for this fantastic day. I hope lots of children were inspired to work for Marshall as an occupation one day.

Professional scientist visits Morley Primary School

The children of Morley Primary School were visited by a professional scientist – Mr Chris Botting. They were involved in many activities such as :

- Electric cars
- 3d printing
- Chocolate welding
- Wind tunnel
- Assembling chariots

These activities have inspired many young engineers and scientists to be a part of the stem project.

The children had worked together on all of the activities and practiced their teamwork skills. Here are some students that we were lucky enough to interview.

Jack: I enjoyed the day! Everything was really exciting and fun.

Chelsea: I liked the chariot racing because we got to assemble it ourselves first.

We asked the children if they wanted to be a part of STEM and some of them said they couldn't wait for it to be their job. One of the most popular activities was chocolate welding and coming up next would be chariot assembling and racing.

Mr Chris Botting taught the children a lot about STEM and his job. He even took time out of his day to make 3d printed robots which take an hour each to make. The children came back to class with smiles on their faces.

By Sienna & Kayla

Menu change – 20/04/2022

Please note that due to delivery schedules, the kitchen will not be able to provide the regular menu on the first day back after the Easter Holidays. The menu will be as follows:

Cheese and Tomato Pizza with Potato Wedges and Sweetcorn

Or

Oriental Quorn with Noodles and Sweetcorn

Pudding – Vanilla Ice Cream

No Jacket potatoes will be available

End of Supermarket Vouchers scheme

We have received the following information from Norfolk County Council:

To support children and families at the height of the Covid pandemic, the government provided additional funding to local authorities, first through the Covid Winter Grant and later via the Household Support Fund (HSF). In Norfolk, this was primarily used to fund free school meal vouchers, for eligible children, during the school holidays. The fund was a one-off grant to bridge the gap between the end of furlough and the Universal Credit top-up and to give extra support to those facing significant hardship, as the economy began to recover from the pandemic.

That funding has now come to an end, meaning that we are unable to provide free school meal vouchers over the upcoming two-week break.

We recognise that the cost of living is increasing and some families may continue to need extra support over the Easter break.

The government is continuing to fund the Holiday Activities and Food programme, known locally as [Big Norfolk Holiday Fun](#), for at least the next two years. This scheme includes a range of free fun activities, as well as a free lunch. Places are provided on a first come, first served basis but there are still spaces available. There is a fuller update on [this programme here](#).

Additionally, the [Norfolk Assistance Scheme \(NAS\)](#) is available to support eligible families, by providing financial advice and food vouchers. Families can also search for local support for food and finances, via the [Community Directory](#)

We would always encourage any parents who might need extra help to contact us on 0344 800 8020, so that we can help ensure that they are getting the support that they need.

Music assembly

We will be holding our next music assembly on Wednesday 27th April at 9am to give an opportunity for children who are learning to play a musical instrument, to perform in front of others and share what they have been learning.

If your child would like to take part, please email the school office with your child's name and the piece they would like to play. Parents are warmly welcome to attend the assembly.

Residential trip payments

Payment for the residential visits to the Isle of Wight and Horstead this year can be paid in instalments on SchoolMoney at any time to suit you and your budget. In particular, this might be an easier option for the Isle of Wight trip rather than having to pay the full amount all at once. Full payment for the Isle of Wight trip is due by May 8th 2022.

100 Club – School fundraiser – it could be you . . .

For just £5.00 per number for the whole school year you are in for a great chance of winning cash prizes every term. If we can sell all 100 numbers we will have £60 every term to give away as well as raising money for the school. **Prizes of £30, £20 & £10.** Anyone who had a number last year will automatically keep their number(s) for this year and payment should be made on the SchoolMoney portal.

If you would like to buy a number (or two) for the remaining two terms of this academic year please contact the school office to find out which numbers are available to purchase.
The cost would be just £3.33 for two terms

Friends of Morley Primary School (FOMPS) are a group of parents and staff working together to fundraise much needed money to support extra resources for our students. Our next events are:

Quiz Night - 23/04/22

FOMPS Stall - Morley Beer Festival & Family Fun Day - 25/06/22

Summer Fair - 16/07/22
