## **Our Reading Spine**

The above reading spine, details those books, which we want children to experience by the time they leave KS2. There is a wide range of books including poetry, fiction and non-fiction. Fiction includes traditional stories, books from our literacy heritage, books from other cultures and classic texts.

This is not an infinite list and we do not guarantee that all children will study all of these books although we expect them to have experienced the majority of them.

This is a 3 year rolling cycle and within this there may be some alteration of books studied in Rowan who will select books from both year 3/4 rolling programme and 5/6 rolling programme and Tacolneston who are operating on a 2 year rolling programme.

In a 3 year cycle, some books will be used as small group guided reading texts when appropriate, when children are not going to study them as a whole class text.

Children benefit greatly from reading other books with a similar theme to the topics that they are studying and we recommend the following websitehttps://www.booksfortopics.com/ks2
